Target & Development Plan

Special Mission Flight

Cakra Nusantara Airlines began its aviation business by focusing on Special Mission Flights, a tourism-based flight service that offers a fun, educational, and safe flying experience for people of all ages. This service serves as the foundation for building the brand, reaching the local market, and introducing the airline to the broader public.

Umrah & Hajj Flight

As the country with the largest Muslim population in the world, Indonesia holds tremendous potential for Umrah and Hajj flights. Cakra Nusantara Airlines aims to enter this segment by offering safe, comfortable, and affordable pilgrimage services, supported by high safety standards and friendly service for pilgrims.

Air Cargo Services

To meet the growing demand for logistics and goods distribution, Cakra Nusantara Airlines also plans to expand into air cargo services. This segment is intended to support businesses, MSMEs, and both national and international logistics distribution in a fast and efficient manner.
